April 2, 2008

Dear Theresa:

I want to thank for your public speaking contribution to the Western Maryland Area health Education Center's Annual Meeting on June 8, 2007, in Cumberland, MD. Your talk "Friend of the Western Maryland AHEC" was quite well received, and we were most appreciative of how warmly you conveyed the importance of your relationship with us and how it has positively affected you.

Also, I thank you for presenting "Nutrition, Healthy Lifestyle, and Exercise" to the general public at our Breast Cancer Prevention Conference on March 8, 2008 in LaVale, MD. Conference participants noted how you delivered important information with eloquence and kindness, and how you directly confronted concerns about obesity, yet did so with encouragement and humor.

As you know, much of Western Maryland AHEC's focus is on meeting the continuing education needs of health professionals; therefore, we are in the "business" of finding speakers. And what a gem we have found in you! It is quite rewarding to see you engage your audience so vibrantly, warmly, and effectively, no matter what the context.

As always, it is a pleasure working with you, and I hope that you will employ me as a reference for future speaking engagements.

Regards,

Susan K. Stewart
Executive Director
